DHIYAH - The Wisdom

YAH - That God

NAH - Our

PRACHODAYAAT - Please Guide & Inspire Us To Follow The Path Of Truth & Good Character & Please Keep Us Away From The Path Of Unrighteousness & Bad Character.

SIMPLE MEANING OF GAYATRI

He is diversely omnipresent through out the world. He is the Impeller of all existence. He is the creator of this world. All types of fame & prosperity are blessed by him. He is the embodiment of all happiness. He is the best of all. He is the purifier & is the pure consciousness. We meditate upon that Supreme God. We pray him to guide & inspire us to follow the path of truth & good character. We also pray him to keep us away from the path of wrong doings & bad character. Because nobody is equal to him and nobody is higher than him. He is our father, king and Justice provider.

'PRAYER' BASED ON GAYATRI

O! God you are effulgent self and you are full of light. O! God you are the provider of knowledge and happiness. O! God it's you who make us victorious. O! God you are worth meditating and worth praying. You are the creator, protector, destroyer and inspirer of this entire world. You are the embodiment of knowledge and happiness. We meditate upon you. We wish to have all your qualities in us and we want to merge with you. We wish to believe that we are like you and you are like us. Keeping this thought of oneness, we meditate upon you. You please purify our intelligence and guide it to the path of truth and good deeds. We wish to have true devotion and love for you. We wish to consider every living being as our own self. We wish that all our enemies like lust, anger; greed and attachment within us and those who are creating hurdles in our spiritual progress externally be eliminated so that we can achieve you happily. We repeatedly bow to you with sense of gratitude. You please protect us. You are the only protector of us.

Sh. Maharajji used to ask every one to chant Gayatri Mantra. During his last days in this world he used to bless the seekers with Gayatri Mantra as Guru Mantra.

'OM'
