

The Prayer

O! God I belong to you. I have surrendered myself to thou feet. I bow to thou feet and I want thou help. O! God please inspire me to keep myself away from doing any thing against thou wish. Please bless me so that I always remember that thou wish is ultimate and my wish stands no where. I again pray with my heart that you please open my eyes of wisdom so that I can understand the reality.

Hail Satchidanand Sanatan Brahman With Love
